|     |                   |                  |              |                             |                     |  |   |     |
|-----|-------------------|------------------|--------------|-----------------------------|---------------------|--|---|-----|
| 104 | Adam Bohr         | Pre-             | 2011-Present | Ph.D. in progress           | McQueen             | Epidemiology of obesity  | Graduate Student, UCB                                       |     |
| 105 | Jaime Derringer   | Post-            | 2011-Present | Ph.D.                       | McQueen             | GWA substance use/abuse pathway analytic approach  | Postdoctoral Research Associate, IBG, UCB                   |     |
| 106 | Marc Simonson     | Pre- High School | 2011-2012    | n/a                         | McQueen             | Boulder Valley Science Research Seminar  | Monarch High School Graduate                                |     |
| 107 | Manish Dalwani    | Pre-             | 2011-        | M.S. 2009; M.S. in progress | Mikulich-Gilbertson | Independent Component Analysis & other statistical approaches comparison with imaging data | Instructor, Division of Substance Dependence, UCD           | Yes |
| 108 | Leticia Martinez  | Pre-undergrad    | 2011-Present | B.A. in progress            | Rhee                | Predictors of internalizing disorders  | Undergrad & McNair Scholar in Psychology & Neuroscience UCB |     |
| 109 | Brooke Huibregtse | Pre-             | 2011-present | Ph.D. in progress           | Stallings           | Genetic/ environmental influences on SUD development                                       | Ph.D. Graduate Student, UCB                                 |     |
| 110 | Kate Wallerius    | Pre- High School | 2011-2012    | n/a                         | Stallings           | An investigation of genetic influences on smoking  | Broomfield High School senior Science Research Seminar      |     |
| 111 | Andra Wilkinson   | Pre-             | 2012-present | Ph.D. in progress           | Halpern             | Adolescent sexuality and health  | Doctoral student, Dept Maternal & Child Health, UNC-CH      | Yes |
| 112 | Seri Link         | Pre-             | 2012-present | Ph.D. in progress           | Halpern             | Adolescent health and risk-taking  | Doctoral student, Dept Maternal & Child Health, UNC-CH      | Yes |
| 113 | Antoinette Landor | Post-            | 2012-present | Ph.D. 2012                  | Halpern             | Adolescent sexuality and risk-taking   | Post-Doctoral Fellow, Dept Maternal/Child Health, UNC-CH    | Yes |
| 114 | Patricia Huerta   | Pre-undergrad    | Summer 2012  | B.A. in progress            | Halpern             | Adolescent Sexuality   | Undergraduate student at UNC-CH                             |     |
| 115 | Stephanie Nelli   | Pre-undergrad    | Summer 2012  | B.A. in progress            | Halpern             | Social/sexual networks   | Undergraduate student at UNC-CH                             |     |
| 116 | Elizabeth Ertle   | Pre-undergrad    | Summer 2012  | B.S. in progress            | Hopfer              | Substance Use Disorder, genetics, imaging  | Biochemistry Undergraduate Student                          |     |
| 117 | Paige Bennett     | Pre-             | 2012-Present | B.S.                        | Hopfer              | HIV risk behaviors in clinical and community adolescents                                   | Medical Student, UCD  |     |
| 118 | Allison Buti      | Pre-             | Spring 2012  |                             | McQueen             | Epidemiology Field Study   | Graduate Student, Colorado School of Public Health, UCD     |     |
| 119 | Virginia Ferguson | Post-            | 2012-Present | Ph.D.                       | McQueen             | Mechanical behavior of hard tissue   | Assistant Professor, Dept of Mechanical Engineering, UCB    |     |
| 120 | Jessica Jenness   | Pre-             | 2012-Present |                             | McQueen             |  | Graduate Student, Dept of Psychology, UCD                   |     |

**Center on Antisocial Drug Dependence  
Research/ Clinical Training of Individual Students  
05/01/08 - 09/30/12**

|     |                 |               |              |                  |         |   |  |  |
|-----|-----------------|---------------|--------------|------------------|---------|---|--|--|
| 121 | Ashley Lujan    | Pre-undergrad | 2012-Present |                  | McQueen |   | Undergraduate Student, Dept of integrative Physiology, UCB |  |
| 122 | Mark Rentschler | Post-         | 2012-Present | Ph.D.            | McQueen | Biomechanics and medical device design    | Assistant Professor, Dept of Mechanical Engineering, UCB   |  |
| 123 | Rakel Slamander | Pre-          | 2012-Present | M.S. in progress | McQueen |   | Graduate Student, Dept of integrative Physiology, UCB      |  |
| 124 | Sharon White    | Pre-undergrad | 2012-Present | Bachelors        | McQueen | Post-Baccalaureate Pre-Medical Program    | Undergraduate student, UCB                                 |  |
| 125 | Helena Yardley  | Pre-          | 2012-Present | M.S. in progress | McQueen | Genes, fMRI and behavioral dishinhibition | Graduate Student, Dept of integrative Physiology, UCB      |  |
